OF
SAINT PATRICK'S CHURCH
FARMINGTON
CONNECTICUT

JUNE ELEVENTH
NINETEEN HUNDRED AND TWENTY-TWO

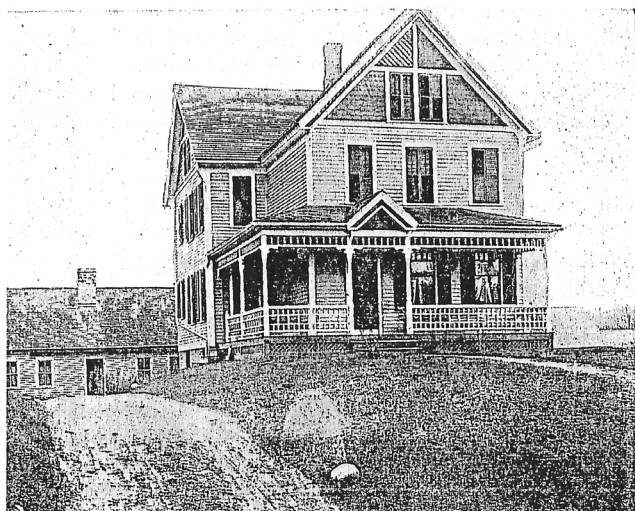

(Photo by The Blackmore Studio)
RIGHT REVEREND BISHOP JOHN J. NILAN, D.D.

St. Patrick's Parish

Farmington was detached from Bristol in February, 1885, and assigned to the jurisdiction in Plainville; and up until the fall of 1918, Mass was said every Sunday in the brick church purchased by Rev. Patrick Duggett, and dedicated in the honor of St. Patrick. The first disciples of the faith in this handsome old village were Thomas Smith, Lawrence McCahill, John Reilly, John Brady, John Flood and Mrs. Mary Skelly. The first Mass was said in the early fifties in the old homestead of the late John Flood. The late John Reilly is the authority for the statement that Mass was said by Father Duggett some fifty years ago in what is now the residence of Miss Jessie Rice on Cedar Street. In those days it was customary to say Mass in private homes in the different towns. Mass was also said regularly at the home of Mr. Reilly's brother at the "Copper Mines" near Whigville.

Farmington was detached from Plainville in the fall of 1918 and made a parish with St. Ann's of Avon as an associate parish; and in the spring of the following year ground was broken for the new stone church on Main Street, which was dedicated in June, 1922.

The Catholic population of Farmington numbers 400 souls. Some of the priests who have officiated in Farmington are Father Roddan, Father Duggett, Father Hart, Father Daley, Father Walsh and Father Wilson, who has charge of the parish at present.

We Buy Old Gold, Silver and Platinum

Usually anything second-hand brings a second-hand price. But the precious metals contained in old jewelry, plate and ornaments is worth more than it ever was.

All that is required is that it be refined.

The world needs every ounce of precious metals now for coinage and for use in the arts.

Send us your discarded jewelry, old fashioned watches, silver plate that is not used, and broken or defaced articles.

We will pay you cash for the
full precious metal content

Resources over \$46,000,000

In the words of James B. Hosmer, who was President from 1851 to 1879:
"Some, by hard labor, and others by superior skill, earn high wages, yet, for want of proper management, they have nothing beforehand. Many might be disposed to save part of their earnings if they knew how to set about it, or where to place it with safety, whilst others, who have occasionally practiced saving, have lost what they have laid up, by trusting it to improper hands."

You and each member of your family will be welcome at the Society for Savings.
